

5.1.1 Use of Modeling Languages

[Return to Requirements](#)

Submitters are encouraged to express models using OMG modeling languages such as UML, MOF, CWM, and SPEM, subject to any further constraints on the types of models and modeling technologies specified in [Section 6 Specific Requirements on Proposals](#).

Submissions containing models expressed using OMG modeling languages SHALL be accompanied by an OMG XMI [XMI] representation of the models, including a machine-readable copy.

Submitters SHOULD make their best effort to provide an OMG XMI representation even when models are expressed using non-OMG modeling languages.
