

13.8 Evidence Requirements

[Go to Top](#)

1. The Conceptual Architecture SHALL treat Evidence as an architectural concern.
2. Evidence SHALL support claims about architecture, implementation, deployment, execution, interpretation, governance, or review.
3. Evidence SHALL remain distinguishable from the claim it supports.
4. Logs SHALL NOT be treated as Evidence unless they are captured, preserved, and traced to a claim or review purpose.
5. Evidence SHALL support review, reconstruction, accountability, conformance assessment, auditability, or defensibility.
6. Evidence SHALL preserve traceability to the relevant conceptual, logical, implementation, deployment, execution, or governance context.
