

20.12 Implementation Constraints Summary

[Go To Top](#)

[Return to Phase 0 Implementation Rules and Constraints](#)

The Phase 0 Implementation Profile applies the following constraints.

1. Implementation artefacts do not redefine logical elements
2. [DDS](#) Topics do not redefine FX logical [Communication Endpoints](#)
3. [IDL](#) structures do not redefine FX logical information structures
4. Generated types do not redefine FX logical information structures
5. Runtime processes do not redefine FX logical [Nodes](#)
6. [Repository](#) layout does not redefine architecture
7. Scripts do not redefine interaction patterns
8. The Developer Handbook does not replace the implementation profile
9. Phase 0 does not define later phase implementation profiles
10. [Deployment](#) and [Evidence](#) concerns remain outside Part 4
