

15. Governance Requirements

[Go to Top](#)

- The [Cost Recovery, Compensation, and Settlement Plane](#) SHALL support evidence-linked cost attribution.
- The plane SHALL support compensation only for governed work performed by [Qualified Nodes](#).
- The plane SHALL link each compensation claim to at least one work record, obligation reference, cost rule, and evidence reference.
- The plane SHALL support [non-performance_indicator](#) for the detection when policy requires work and no evidence reference exists.
- The plane SHALL support [09-information-minimization](#).
- The plane SHALL support jurisdictional and organizational constraints on cost visibility.
- The plane SHALL support ordinary accounting treatment.
- The plane SHALL not require blockchain, tokenisation, or speculative payment mechanisms.
- The plane SHALL not expose full transaction content unless policy explicitly authorizes that exposure.
