This annex identifies the references used by the FDIS-RA.

The references are maintained in the shared DIDO Solutions reference corpus so that multiple specifications and work products can cite the same controlled reference records.

## References

---

## Notes for Editors

Reference records are maintained in the shared DIDO Solutions reference namespace:

`dido:99_annexes:annex-c-references`

Do not duplicate shared reference records within the FDIS-RA namespace.

Preserve the canonical reference identifier and URI when citing a shared reference.
